

## Drop-N-Lock™ Automatic Security

### *For Irrigation and Water Boxes*

The DROP-N-LOCK tamper resistant locking device is one of the most innovative in the industry. It has the flexibility of retro fitting existing boxes already in the field (with minor modifications) and it is available in a variety of sizes.

### Features & Benefits

- Vandal resistant drop “locking mechanism”
- Prevents unauthorized water usage
- Drop and go audible locking engagement
- Access point not readily apparent
- No hardware to lose or locking tool needed
- Ability to retrofit existing boxes in the field
- Bi-directional dual entry cover\*
- Manufactured with proven high strength components
- Stainless Steel hardware for increased durability and weather resistance
- Unlocked with common tools carried by technicians

\* 1324, 1730 and 2436 models only.
